Step Up To The Next Level Of Customer Service

Give your customers visibility into their shipments with a dedicated access link from TGI's My Connect Manager (MCM) software.

- No Login Required
- You control customer access to specific data
- You determine the Customer Live Link expiry date
- Protect driver privacy - track the trailer, not the driver
- Fully functional APIs for automated workflows

Accurate satellite-based trailer information:

✓ Location
✓ Temperature
✓ Cargo (load/unload)

Customer Live Link is included in TGI Connect's MCM software driven by the SmartOne Solar™ satellite tracking unit and the Vizicube Smart Sensor.
