INTELLIGENT TRAILER TRACKING

# Trailer Tracking In The Palm Of Your Hand

The TGI Connect Mobile App is designed to give you the power of My Connect Manager (MCM) on your phone.

TGI Connect Mobile App enables on the go access to reduce calls between drivers and dispatch to:

- Route drivers directly to the correct trailer
- Receive Push Notifications including Enter/Exit Geofence, Start/Stop Movement
- Provide Mobile Access to MCM Reports including Yard Checks, Dwell, Dormancy, Mileage, and Utilization
- Show Vizicube Smart Sensor status including Temperature, Cargo Status, Door Activity

Gain visibility across your operations by sharing data with your team for access to valuable business insights to manage your fleet of trailers.

MCM and send it along

Features	Benefits
Find My Trailer	Quickly locate trailers in large yards or terminals, making it easier for drivers and saving time.
Mobile Location Visibility	Identify all trailer locations from anywhere—no need to be at a desktop.
Breadcrumb Trail History	Understand trailer movement and last-known location at a glance.
Smart Sensor Monitoring	Drivers can access cargo status and environmental conditions.
Mobile Reports Access	Instantly see yard checks, dwell, dormancy, mileage and utilization reports on site.
Push Notifications	Drivers receive alerts if a trailer moves unexpectedly or crosses a geofence.
